

PROJECT FOR SUSTAINABLE CAPACITY BUILDING FOR EFFECTIVE PARTICIPATION IN THE BIOSAFETY CLEARING HOUSE

**GROUP WORK: BUILDING A BCH
SYSTEM**

Prof Dr Ossama AbdelKawy

GROUP WORK

Topics should be discuss in group and a reporter designated by the group should present / report conclusion in plenary.

Powepoint presentations need to be prepared and submitted to

elkawyo@gmail.com

GROUP WORK ON ORGANIZATIONAL PROCEDURES FOR BCH REGISTRATION:

we are trying to imagine and establish a **National system** to collect information and publish them on the BCH

- what are the BCH information that needs to be published?
- Where do we find BCH information? departments, private sector, etc.
- Who will be responsible for specific information? national authorized users in each department, sector??
- and who will be collecting these information and how?

GROUP WORK ON SUSTAINABILITY OF NATIONAL BCH SYSTEMS

we are trying to imagine how to build sustainability of the proposed **National system** to collect information and publish them on the BCH

- Define who and what is the role of Competent National Authority(ies)!
- Define the role of the BCH NFP!
- How do we build a sustainable system for gathering the information?

GROUP WORK ON ENGAGEMENT OF EDUCATION SECTORS IN NATIONAL BIOSAFETY AND BCH TRAINING.

- Who should be involved and how are you planning this?
- How are you planning to transfer the BCH workshop development know-how to national institutions and trainers ?

THANK YOU ...
