

QQ 1

True or False?

You need a BCH account in order to search the BCH databases

QQ 2

True or False?

You can use the BCH virtual mailbox to send general emails.

QQ 3

Quick Question:

How do you get regular email updates about new records that have been added to the BCH?

QQ 4

True or False?

You need to check your BCH virtual mailbox every day.

QQ 5

Quick Question:

What does the BCH do if you create a record using a keyword that isn't in the BCH controlled vocabulary?

QQ 6

Quick Question:

Who can read the information in a personal core reference record that is linked to a published decision?

QQ 7

True or False?

Any user can refer to a core reference record in the global registry when creating a record.

QQ 8

True or False?

Information in core reference records is not available through a direct search, but it is available through viewing a linked record.

QQ 9

True or False?

You cannot use the BCH to search through the text of national websites

QQ 10

True or False?

If you add a draft record to the submit page without logging in to your account, it will still be there next time you use the BCH.

QQ 11

True or False?

You can keep several different draft records in one account.

QQ 12

True or False?

The BCH contains confidential information that you can access when you log in through the Management Centre.

QQ 13

True or False?

Only Government representatives can submit information with the BCH.

QQ 14

Quick Question:

Where could you find more information about the reason a country has 0 decisions recorded with the BCH?

QQ 15

Quick Question:

When does the Advance Informed Agreement procedure apply?

QQ 16

True or False?

A country who has decided to place a living modified organism on the market for use as a animal feed must notify the BCH within 270 days of making the decision.

QQ 17

True or False?

The Protocol does not apply to genetically modified cassava seed being shipped for animal feed.

QQ 18

Quick Question:

Where in the BCH might you find information about a country's national biosafety framework?

QQ 19

Quick Question:

How do you get on to the biosafety roster of experts?

QQ 20

True or False?

The Biosafety Virtual Library Resources (VLR) includes information about resources that deal with biotechnology in general, not just biosafety.

QQ 21

True or False?

If you search using the term "Namibia", will you also return results that include the broader category "Africa"?

QQ 22

True or False?

If "cotton" and "*Gossypium hirsutum*" are related terms, then a search for *Gossypium hirsutum* will also return records that were submitted using the term cotton.

QQ 23

Quick Question:

Where in the BCH can you find information about non-government organizations that work on biosafety issues?

QQ 24

Quick Question:

Where in the BCH can you find a list of unique identification codes and the organisms they refer to?
